

Main window

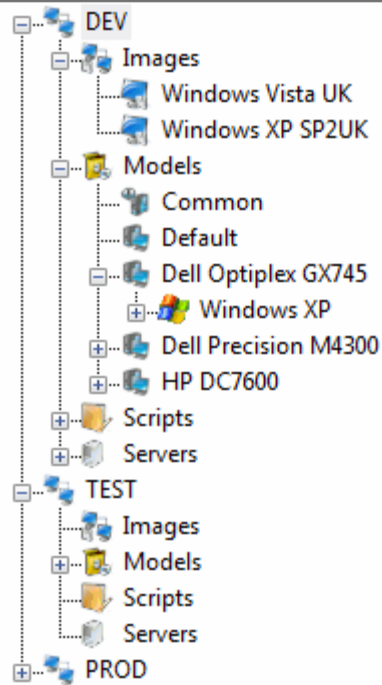

Introduction

The following is a description of the main window – its structure and the different areas.

Element	Description
	Menu bar.
	Toolbar. Each plugin has its own toolbar.

OS Deployment

 **Change Log**

 **OS Deployment**

 **Patch Management**

Navigation pane.

Top most:

The top most part of the navigation pane typically shows a treeview. Each plugin will have its own treeview with nodes that represent entities available for that particular plugin.

Bottom most:

Outlook like navigation that is used to switch between plugins. It is possible to rearrange the order, minimize certain buttons and also to hide unwanted buttons.
